

Dear Request for Proposal Responder,

For the past 17 summers, the Missoula Downtown Association has hosted Downtown ToNight on Thursday nights from 5:30-8:30pm in Caras Park. This event is free for the community to enjoy, and includes live music, local food vendors, kids' activities, and a full bar. It has become a staple in the community and is a must-attend event for locals and tourists alike.

In an effort to provide consistency of service and adult beverage offerings, streamline coordination of the event, and to assure the best possible service is provided to all attendees, the Downtown ToNight Committee is offering this Request for Proposal (RFP) to provide an opportunity for all service providers within the greater Missoula area to vie for a bar service contract with the MDA at Downtown ToNight.

At first glance this RFP may appear to be daunting, but we've made a conscious effort to make the process reasonable. It should not take an inordinate amount of time or resources to complete successfully. We are here to answer any questions you may have as you work on developing a proposal. We have also included, in Section 7, a streamlined "check-list" for Sections 2, 3, 5 and 6. This "check list" is intended to help expedite your response, but please feel free to include expanded replies for any section/sub-section.

This long-standing event is a staple in the community, and it is because of our local businesses that it continues to be successful. We look forward to continuing to work with local businesses to provide bar service during Downtown ToNight. We couldn't be successful without you!

We are happy to answer any questions you may have. We look forward to receiving your proposal.

Best,

Bob

Key Dates

Submission Deadline: March 2

Selection Notification: April 4

Bar Service Dates: TBD following RFP process

1.2 Background

For the past 17 summers, the Missoula Downtown Association has hosted Downtown ToNight on Thursday nights from 5:30-8:30pm in Caras Park. This event is free for the community to enjoy, and includes live music, local food vendors, kids' activities, and a bar. It has become a staple in the community and is a must-attend event for tourists and locals alike. Downtown ToNight draws a large range of individuals, however, the primary demographic is individuals aged 25-50, individuals who are single as well as those who are married with families, and is split between locals and visitors to Missoula. The average weekly attendance is between 3,000-3,500 individuals.

For a number of years now, the bar service for Downtown ToNight has been split between three different service providers, one of which is the MDA who, with the help of volunteers, sells beer and wine as a way to raise funds for the MDA. Bar service providers in previous years have operated a full service bar that included beer, wine, and liquor on non-MDA bar nights.

In an effort to provide consistency of service and drink offerings, streamline coordination of the event, and to assure that the best possible service is provided to all attendees, the Downtown ToNight committee has put forth this RFP in order to provide an opportunity for all event bar service providers within the greater Missoula area to vie for a bar service contract with the MDA at Downtown ToNight.

1.3 Contract Terms

The contract term shall take effect on June 7, 2018 and will end on August 30, 2018. The contract is a one-year, renewable contract not to exceed two years total. An RFP for service will occur again in February 2020. *Please note that the MDA reserves the right to award multiple contracts.*

SECTION 2: RFP STANDARD INFORMATION

***Please note: no need to provide specific reply to the below in Section 2. Please initial provided sheet in Section 7 to acknowledge you have read through and understood information provided under Section 2.**

2.1 Authority

The RFP process is a procurement option allowing the award to be based on stated evaluation criteria. The RFP states the relative importance of all evaluation criteria. The MDA shall use only the evaluation criteria outlined in this RFP.

2.2 Offeror Competition

The MDA encourages free and open competition to obtain quality, cost-effective services and supplies among offerors. Whenever possible, the MDA designs specifications, proposal requests, and conditions to accomplish this objective.

2.3 Classification and Evaluation of Proposals

2.3.1 Initial Classification of Proposals as Responsive or Nonresponsive

The MDA may deem a proposal nonresponsive if: 1) any of the required information is not provided; 2) the submitted price is found to be excessive or inadequate as measured by the RFP criteria; or 3) the proposal does not meet RFP requirements and specifications. The MDA may find any proposal to be nonresponsive at any time during the procurement process. If the MDA deems a proposal nonresponsive, it will not be considered further.

2.3.2 Evaluation of Proposals

An evaluation committee will evaluate all responsive proposals based on stated criteria and recommend an award to the highest scoring Offeror(s). The MDA reserves the right to accept or reject any or all proposals, wholly or in part, and to award to multiple vendors, if deemed in the best interest of the MDA. The evaluation committee may initiate discussion, negotiation, or a best and final offer. In scoring against stated criteria, the evaluation committee may consider such factors as accepted industry standards and a comparative evaluation of other proposals in terms of differing price and quality. These scores will be used to determine the most advantageous offering(s) to the MDA.

2.3.3 Completeness of Proposals

Selection and award(s) will be based on the offeror's proposal and other items outlined in the RFP. Proposals may not include references to information such as internet websites, unless specifically requested. Information or materials presented by offerors outside the formal response or subsequent discussion, negotiation, or best and final offer, if requested, will not be considered, will have no bearing on any award, and may result in the offeror being disqualified from further consideration.

2.3.4 Achieve Minimum Score

Any proposal that fails to achieve 60% of the total available points will be eliminated from further consideration. A "fail" for any individual evaluation criteria may result in proposal disqualification at the discretion of the procurement officer.

2.3.5 *Best and Final Offer*

The MDA may request a best and final offer if additional information is required to make a final decision.

2.3.6 *Contract Execution*

Upon receipt of all required materials, a contract, or contracts, incorporating the Standard Terms and Conditions, as well as the highest scoring offeror's proposal(s), will be provided to the highest scoring offeror(s) for signature. The highest scoring offeror(s) will be expected to accept and agree to all material requirements contained in this RFP. If the highest scoring offeror(s) does not accept all material requirements, the MDA may move to the next highest scoring offeror, or cancel the RFP. Work under the contract may begin when the contract is signed by all parties, but not before.

2.4 MDA Right's Reserved

While the MDA has every intention to award a contract resulting from this RFP, issuance of the RFP in no way constitutes a commitment by the MDA to award and execute a contract. Upon a determination such actions would be in its best interest, the MDA, in its sole discretion, reserved the right to:

- Cancel or terminate this RFP
- Reject any or all proposals received in response to the RFP
- Waive any undesirable, inconsequential, or inconsistent provisions of this RFP that would not have significant impact on any proposal
- Award multiple contracts if it is in the MDA's best interest
- Not award a contract if it is in the MDA's best interest not to proceed with contract execution

SECTION 3: SCOPE OF SERVICES

***Please note: no need to provide specific reply to the below in Section 3. Please initial provided sheet in Section 7 to acknowledge you have read through, understand, and accept the 'scope of services' provided under Section 3. If you would like to elaborate your response to any section below please feel free to do so.**

NOTE: Each item must be addressed; responses may be brief in nature when appropriate. Offerors taking exception to any requirements listed in this section may be found nonresponsive or be subject to point deductions.

The award will be based upon a comprehensive review, analysis and negotiation of the proposal that best meets the needs and objectives of the MDA. Available points will be based upon information presented in each proposal. Comparisons will be made by matching all applicable data to the RFP specifications, accepted industry standards, and all other qualified responses to the RFP. Point value for criteria will be subjectively assigned by each Evaluation Committee member. Each member’s point assignments will be averaged by the total number of Evaluation Committee members to arrive at the total points to be assigned each category of each Proposal.

In awarding points to the evaluation criteria, the evaluator/evaluation committee will consider the following guidelines:

Superior Response (90-100%): A superior response is a highly comprehensive, excellent reply that meets all of the requirements of the RFP. In addition, the response may cover areas not originally addressed within the RFP and/or include additional information and recommendations that would prove both valuable and beneficial to the agency.

Good Response (75-89%): A good response meets all the requirements of the RFP and demonstrates in a clear and concise manner a thorough knowledge and understanding of the project, with no deficiencies noted.

Fair Response (60-74%): A fair response minimally meets most requirements set forth in the RFP. The offeror demonstrates some ability to comply with guidelines and requirements of the project, but knowledge of the subject matter is limited.

Failed Response (59% or less): A failed response does not meet the requirements set forth in the RFP. The offeror has not demonstrated sufficient knowledge of the subject matter.

After determining responsiveness, proposals will be reviewed and evaluated in accordance with the following categories and respective weighted criteria deemed to be in the MDA’s best interests based on a maximum possible value of 400 points:

A request by the Contractor or the MDA representative shall be accompanied by an itemized statement, which details all costs that would be incurred to effect the change. Contractor shall provide a complete statement of all actual costs to be incurred for each requested change. This information will be approved by the MDA for the contract addendum to be signed by both parties and/or the purchase order to be adjusted.
